ICONIC AWARDS: INNOVATIVE ARCHITECTURE – THE WHOLE WORLD OF ARCHITECTURE

HOLISTIC DESIGN: THE COMPETITION FOR ARCHITECTURE, INTERIOR DESIGN, PRODUCT DESIGN AND BRAND COMMUNICATION

The German Design Council has been advocating an integrated design approach for the past 65 years and promotes design as a success factor in international industry and business. Our ICONIC AWARDS: Innovative Architecture competition is an independent architecture and design competition in which prizes are awarded for the interplay between all disciplines: outstanding construction projects and innovative interior and product design, as well as convincing communications in the context of architecture.

The ICONIC AWARDS: Innovative Architecture competition promotes interdisciplinary dialogue and communicates the importance of architecture and design to an international public. Not least, it recognises those who provide fresh inspiration with visionary force.

Eligible participants include architects, interior designers, engineers, specialist planners, agencies and design studios, construction and real estate companies, as well as manufacturers of materials, building technology, fittings, plumbing and bathroom products, etc., provided they are listed under one of the ICONIC AWARDS 2019: Innovative Architecture categories.

OUR NETWORK – YOUR BENEFITS

As one of the world's most important centres of expertise in design and architecture, the German Design Council acts as an interface between designers and the construction industry. Its awards are considered as independent seals of quality of international standing for contemporary developments and creative achievements.

With over 300 foundation members and global alliances with companies, institutes, agencies, architects and designers, the German Design Council is part of a unique design network. As such, the ICONIC AWARDS 2019: Innovative Architecture competition provides architects, planners and their partners in the industrial, design and brand communications sectors with an international platform. Thanks to the ICONIC AWARDS 2019: Innovative Architecture competition's cross-sectoral networking and media presence, innovative developments are made visible and communicated to experts and to the general public across a vast spectrum.

THE AWARDS CEREMONY – AN INTERNATIONAL INDUSTRY EVENT

The awards ceremony for the ICONIC AWARDS 2019: Innovative Architecture competition is guaranteed to attract media attention and will be held in the architecturally renowned Pinakothek der Moderne in Munich. »Best of Best«, »Architects of the Year« and »Interior Designers of the Year« prizes, as well as the honorary prize »Architects' Client of the Year«, will be presented on the occasion of the Expo Real trade fair also taking place in Munich.

Housing four significant museum collections under one roof, the Pinakothek der Moderne is one of the world's largest spaces for the art, architecture, and design of the 20th and 21st centuries. Four independent museums share the Pinakothek der Moderne's building: the Sammlung Moderne Kunst of the Bayerische Staatsgemäldesammlungen; Die Neue Sammlung – The Design Museum; the Architekturmuseum der Technischen Universität München; and the Staatliche Graphische Sammlung München.

The awards ceremony held at this important institution will bring together the best and most innovative actors in the international architectural sector, making it both an auspicious occasion and, at the same time, a networking event.

ANNOUNCING THE WINNERS

JUDGING CRITERIA

The entries should convince the jury by demonstrating excellence in the following aspects:

- overall concept
- design quality, aesthetics
- context quality, social compatibility
- materials and details, manufacturing technology and quality
- ergonomics, functionality, user-friendliness
- safety and barrier-free accessibility
- sustainability, durability
- energy efficiency, environmental compatibility

The above list does not constitute an order of importance for the jury members in their judging. They are free to choose what weighting they give the individual criteria. The companies taking part will receive a written notification of the jury's decision. The judges' decision is final.

PRIZE WINNERS

An appropriate number of entries for each competition category will be awarded with the label »Selection« and »Winner«. Moreover, up to 15 entries per category will win the »Best of Best« label. The jury is free to choose by majority vote to assign an entry to a different category than that for which it was registered.

ENDOWED SPECIAL CATEGORIES

Within the framework of the competition, prize money amounting to EUR 20,000 in total will be awarded in the special categories. Nominations for the special categories »Architects of the Year« and »Interior Designers of the Year« will be made by a specialist jury as well as representatives of the trade media.

The special categories are:

> ARCHITECTS OF THE YEAR

The jury will award this special prize to the architects of the year for outstanding achievements in architecture.

> INTERIOR DESIGNERS OF THE YEAR

The jury will award this special prize to the interior designers of the year for outstanding achievements in interior design.

HONORARY AWARD

> ARCHITECTS' CLIENT OF THE YEAR

The »Architects' Client of the Year« award is an honorary prize awarded by the jury either to a client company or to a private or public sector institution for outstanding services in relation to promoting the concept of integrated architecture.

THE SUPERORDINATE CATEGORY – INNOVATIVE MATERIAL

When you enter a project or product in one of the main categories – »Architecture«, »Interior« or »Product« – you also have the option of entering it in the superordinate category »Innovative Material«.

This applies to all participants whose entries are particularly distinguished by the use of innovative materials and thus have a distinctive influence on the design of buildings, interior rooms and products. The focus here is squarely on the development of sustainable, energy-efficient materials that are also versatile in terms of function as well as design.

The jury can award an appropriate number of »Selection«, »Winner« and »Best of Best« prizes in the superordinate category »Innovative Material«.

> YOUR BENEFITS

Participation in the competition increases the exposure of your material innovation and your project/products to the media, and you benefit from a network of industry representatives and interdisciplinary contacts. As a winner, you can use the renown of the award and the extensive marketing services of the German Design Council for your communications. You will receive the exclusive label for unlimited use in your own communications.

> REGISTRATION

To take part, you must register your entry under one of the main ICONIC AWARDS 2019: Innovative Architecture competition categories via »My Design Council«, our online registration portal. During the registration process, you can also register your project or product in the superordinate category »Innovative Material«. Only projects that were launched on the market or made public no more than five years ago are permitted.

Please note that if your product/project wins an award, the service fees for winners as listed on page 19 to 21 will be incurred.
