1. FOUNDATIONS

The ICONIC AWARDS: Innovative Architecture are presented annually by the German Design Council. The competition is organised by the Rat für Formgebung Service GmbH (German Design Council).

The following General Terms and Conditions form the exclusive contractual basis for participation in the ICONIC AWARDS 2019: Innovative Architecture (competition) between the German Design Council and the competition registrant. The registrant's Terms and Conditions are not recognised, even if the German Design Council does not expressly object to them in individual cases.

2. PREREQUISITES FOR PARTICIPATION

The competition is open to entries (projects) that can be assigned to at least one of the following categories:

Architecture • Interior • Product • Communication • Concept • Innovative Material

Only projects that were launched on the market or made public no more than five years ago are permitted. The registrant must provide suitable proof of this at the German Design Council's request.

3. JUDGING

An independent expert jury will decide the competition winner. The jury is comprised of representatives from architecture, interior design, design and brand communication. Projects should stand out with regard to the following aspects:

- Overall concept • Design quality, aesthetics • Context quality, social balance • Materials and details, manufacturing technology and quality • Ergonomics, functionality and user friendliness • safety and barrier freedom • Sustainability, durability • Energy efficiency, ecological balance

The preceding list does not represent a ranking of the criteria and assessments for the jury. The jury's decision will be confirmed in writing. Any legal recourse is excluded.

There are no limits on the number of entries each firm can submit. A product can also be registered more than once in different categories.

4. REGISTRATION, SUBMISSION AND INSURANCE OF PROJECTS

4.1 The German Design Council will send registrants a written invitation to take part in the competition. The projects can be registered to the competition in the personal login area at <https://mdc.german-design-council.de>. Projects can be registered online following approval of the project details and after reading and confirming the General Terms and Conditions for the competition. Registration is binding and commits the registrant to complete payment of the relevant fees and costs; the registrant's right of withdrawal is excluded; reimbursement of fees and costs is not possible.

In the event of an award, the registrant's details and those of the registered projects will be used for press releases, the ICONIC catalogue and the ICONIC Directory and processed in accordance with the legislator's privacy regulations. The German Design Council assumes no liability for incorrect or erroneous information.

4.2 For the jury meeting, the registrant may submit presentation charts or submit in exceptional cases and after prior consultation, digital media or product samples of the projects. All projects and packaging must be marked with the provided project ID and these must be clearly visible on delivery. Loss and/or non-consideration of unmarked projects are at the registrant's own expense. The burden of proof for proper labelling lies with the registrant.

4.3 The costs and all risks of transport for the delivery and removal of the registered projects shall be borne exclusively by the registrant. The German Design Council undertakes to inform the registrant immediately of any visible transport damage upon receipt of the projects. For projects delivered from abroad, the registrant

must clear all necessary customs procedures at their own expense. The German Design Council accepts no liability for destruction, theft and/or damage for the duration of the projects' submission period. All necessary insurance should be taken out before registering.

4.4 Projects must be delivered in packaging that can be reused for return shipment and is safe for transport. If this is not the case, the German Design Council accepts no liability for any damage caused during return transport.

4.5 The registrant must collect the project by the specified deadline. Whoever comes to collect the project must be able to identify themselves and specify the project ID for the project they wish to collect. Freight forwarders or courier services must present an order from the registrant with the project ID of the project to be collected. If this is not the case, the German Design Council reserves the right not to hand over the project. Projects that have not been collected by the registrant by the deadline specified in the registration documents will subsequently be disposed.

Applicants may pay for the return of their projects via a carrier appointed by the German Design Council by individual shipping quote. The carrier must have the individual shipping order before the jury session. In the absence of an individual shipping order, the deadlines set out in the registration documentation shall apply.

4.6 If the German Design Council is commissioned to assemble projects supplied in a disassembled state, the German Design Council assumes liability in accordance with the following regulation. The registrant undertakes to provide appropriate installation instructions in German or English. The same applies to the disassembly of the project for return transport. Liability for loss of or damage to the projects is excluded, unless the German Design Council, its legal representatives or vicarious agents are charged with intent or gross negligence; the German Design Council's liability for negligent conduct is limited to a maximum value of 1,500.00 EUR, irrespective of the number of projects submitted by the same registrant.

4.7 The German Design Council recommends that the registrant take out all necessary insurance.

5. PREVENTION OF ACCIDENTS

If projects are usable or are exhibited or demonstrated in an operative state, they must comply with the statutory and trade association regulations in Germany, in particular the accident prevention regulations, and must be provided with the safeguards prescribed by law in Germany. In this case, however, the service fees/costs for winners will be invoiced to the registrant. The German Design Council reserves the right to refuse entry orders on the basis of uniform, objectively justified principles due to their technical form or origin; the same applies if the content violates laws or official regulations or if publication is unreasonable for the German Design Council. If the registrant is responsible for the refusal, the costs incurred up to that point must be reimbursed to the German Design Council. Any claims for damages are excluded; in all other cases, the German Design Council is liable in accordance with the provisions of Point 4.6.
